SUBJECT INDEX*

ACEBUTOLOL
Effect of acebutolol on dynamic ischemic ECG changes: a study using ambulatory twenty-four-hour ECG monitoring, 207

ACTH
Effects of complete hypothalamic deafferentation on ACTH secretory responses to systemic and neurogenic stress (PSC), 781

ADENOSINE DEAMINASE
Adenosine deaminase activity of normal lymphocytes and leukemic cells, 925

ADIPOSE TISSUE
Fatty acid saturation in subcutaneous fat of young Americans and Israelis (PSC), 778

ADRENALS
Transitory hypoadrenalism due to long-term treatment with antiovulatory compounds, 434

AJMALINE
Acute intoxication with ajmaline, 570

ALDOSTERONE
Transient hypoaldosteronism after renal allotransplantation, 29

AMYLOIDOSIS
Insulin-dependent casein-induced amyloidosis in experimental animals (PSC), 938

ANEMIA
Infection rate and anemia in infancy in a Jerusalem community (PSC), 165
Anemia and secondary hyperparathyroidism in chronically hemodialyzed patients, 415

ANTIBIOTICS
Antibiotic usage in Kupat Holim (Sick Fund) clinics. A pilot survey and evaluation, 811
Susceptibility of aerobic and anaerobic gram-negative rods to cefoxitin and related compounds (PSC), 856

ANTIOVULATORY COMPOUNDS
Transitory hypoadrenalism due to long-term treatment with antiovulatory compounds, 434

APNEA
A new versatile apnea monitor (PSC), 532

ASPLENISM
Asplenia syndrome. Report of two cases, 451

BILE SALTS
Bile salts, obstructive jaundice and renal blood flow (PSC), 169

BONE
Osteogenesis by periosteal transplant. Experimental study of spinal fusion in rats, 38
Occupational acroosteolysis in vinyl chloride workers in Israel, 218

BRONCHITIS AND BRONCHIAL ASTHMA
Chronic bronchitis and bronchial asthma in a rural community in Israel: relation to socioenvironmental factors, 573

CARDIOLOGY, *see also* Myocardial Infarction
The emergence of cardiac nondisease among children in Iran, 202
A review of experience with cardiac transplantation, 212
Coexistence of hypertrophic obstructive cardiomyopathy and mitral annular calcification: proposed etiologic relationship, 422
Diagnostic value of cross-sectional echocardiography in left atrial myxoma, 426
Dibenzepin as an antifibrillatory agent for spontaneously terminating electrically induced ventricular fibrillation, 443
Value of serum digoxin measurement in the control of digoxin therapy in atrial fibrillation, 490
His bundle electrocardiography: a "push-button" apparatus for noninvasive recording (PSC), 534
Effect of large doses of morphine on experimental myocardial ischemia in cats, 588
Natural history of sick sinus syndrome following permanent pacemaker implantation, 889
2:1 atrioventricular block associated with mitral leaflet prolapse, 898
Ischemic heart disease in Israel: changes over 30 years, 993
Epidemiologic aspects of rheumatic fever and rheumatic heart disease in Israel, 999

CARTILAGE
Scanning and transmission electron microscopic observations on the origin and structure of matrix vesicles in normal and papain-digested epiphyseal cartilage of young rats, 928

CATAPLEXY
Severe hypermotility during sleep in treatment of cataplexy with clomipramine, 607

CAT-SCRATCH DISEASE
Cat-scratch disease presenting as status epilepticus. A case report, 162

CELIAC DISEASE
Frequency of HLA-B8 in Israeli children with celiac disease, 826

CHOREA
Abnormal excretion of phenolic acids in rheumatic chorea, 223

CLOMIPRAMINE
Severe hypermotility during sleep in treatment of cataplexy with clomipramine, 607

CROHN'S DISEASE
Epidemiology of Crohn's disease and ulcerative colitis: etiologic implications, 305

CUSHING'S DISEASE
Successful treatment of Cushing's disease with *o,p'*-DDD followed by pituitary irradiation in a 19-year-old male patient, 455

CYCLIC ADENOSINE MONOPHOSPHATE (cAMP)
Excretion of cyclic adenosine 3′,5′-monophosphate in childhood (PSC), 937

* PSC = Preliminary or Short Communication.

CYCLOPHOSPHAMIDE
Control of Lewis lung carcinoma by combined treatment with local hyperthermia and cyclophosphamide: preliminary results (PSC), 462

DEXAMETHASONE
Effect of dexamethasone administration at midgestation on the cortisol levels in amniotic fluid (PSC), 945
DIABETES INSIPIDUS
Sheehan's syndrome with diabetes insipidus. A case study, 431
Lithium-induced nephrogenic diabetes insipidus: studies of tubular function and pathogenesis, 765
DIABETES MELLITUS
Relationship between glycosylated hemoglobin and postprandial blood glucose in insulin-dependent juvenile diabetes patients (PSC), 283
Serum β-glucuronidase activity during pregnancy in gestational diabetes, 746
Late-onset diabetes in Israel, 1003
Juvenile diabetes mellitus, 1009
DIBENZEPIN
Dibenzepin as an antifibrillatory agent for spontaneously terminating electrically induced ventricular fibrillation, 443
DIGOXIN
Value of serum digoxin concentration measurement in the control of digoxin therapy in atrial fibrillation, 490
DOWN'S SYNDROME
An apparently immunoregulatory effect of human leukocyte interferon on the blastogenic response in Down's syndrome (PSC), 775
DUODENAL ULCER
Prostaglandins and the pathogenesis of duodenal ulcer: no correlation with gastric mucosal PGE_2 content (PSC), 171

ECHOCARDIOGRAPHY
Diagnostic value of cross-sectional echocardiography in left atrial myxoma, 426
ELECTROCARDIOGRAPHY
Effect of acebutolol on dynamic ischemic ECG changes: a study using ambulatory twenty-four-hour ECG monitoring, 207
Unusual electrocardiographic presentation of idiopathic hypertrophic subaortic stenosis, 526
His bundle electrocardiography: a "push-button" apparatus for noninvasive recording (PSC), 534
ELECTRON MICROSCOPY
Scanning electron microscopy and the surface morphology of human leukocytes: current status, 529
Scanning immunoelectron microscopy markers, 639
Virus-cell interactions as seen by scanning electron microscopy, 647
Freeze-fracture and scanning electron microscopy of lymphocytes: effect of different preparatory techniques on cell surface morphology, 660
Use of enzymatic and electron microscopy (freeze-etching) methods for studying ATP-dependent masking of erythrocyte membrane phospholipids, 668
Ultrastructural modulations of cell surface determinants in pathological processes, 675
Immunocytochemical studies of human myeloma cells by light and electron microscopy, 687
Immunoelectron microscopy and immunocytochemistry in pathology, with special reference to immunoglobulin-producing cells, 693
Investigation of crystallosis of the kidney by means of polarization, scanning, transmission and high-voltage electron microscopy, 698
Electron microscopic X-ray microanalysis in pathology: current status, 711
Diagnostic applications of scanning electron microscopy and microanalysis in pathology, 716
Scanning and transmission electron microscopic observations on the origin and structure of matrix vesicles in normal and papain-digested epiphyseal cartilage of young rats, 928
ENDOCRINOLOGY
Disseminated endocrine cells of the gastrointestinal tract and their possible influence on gastrointestinal disease, 374
EPILEPSY
Cat-scratch disease presenting as status epilepticus. A case report, 162
ERYTHROCYTES
Augmented osmotic hemolysis of human erythrocytes exposed to the galactosephilic lectin of *Pseudomonas aeruginosa* (PSC), 537
ESOPHAGUS
Esophageal replacement in children: 10 years' experience, 742
ESTROGEN
Further evaluation of the effect of estrogen on tumor-associated immunity in prostatic cancer, 9
Effect of estradiol on erythropoiesis and megakaryocytopoiesis in mice, 140

FATTY ACIDS
Fatty acid saturation in subcutaneous fat of young Americans and Israelis (PSC), 778
α-FETOPROTEIN
α-Fetoprotein inhibits antibody binding to acetylcholine receptor. Significance for myasthenia gravis and other autoimmune diseases (PSC), 943
FIBRILLATION, ATRIAL
Value of serum digoxin concentration measurement in the control of digoxin therapy in atrial fibrillation, 490
FIBRILLATION, VENTRICULAR
Dibenzepin as an antifibrillatory agent for spontaneously terminating electrically induced ventricular fibrillation, 443

GASTROINTESTINAL TRACT, *see also* specific diseases and organs

Patterns of gastrointestinal neoplasms in Israel, 301
Epidemiology of noninfective intestinal diseases in various ethnic groups in South Africa, 309
Epidemiology of chronic intestinal disease in middle Africa, 314
Gastrointestinal pathology in South America, 318
Fecal bacteria in South African rural blacks and other population groups, 335
Etiology of infantile enteritis in South Africa, 341
Idiopathic subclinical enteropathy in southern Iran, 362
Immune disturbances after severe enteritis during the first six months of life, 364
Lactase deficiency: the world pattern today, 369
Disseminated endocrine cells of the gastrointestinal tract and their possible influence on gastrointestinal disease, 374
Etiology of acute gastroenteritis in children in Israel: role of human reoviruslike agent and bacterial pathogens, 754

GENETICS
Population genetics of the murine chromosome 17 (Lecture), 859

GLAUCOMA
Absence of association between HLA antigens and primary open angle glaucoma in Israel, 124

GLUCAGON
Glucose production by the perfused liver of the spiny mouse (*Acomys cahirinus*): sensitivity to glucagon and insulin, 134

GLUCONEOGENESIS
Glucose production by the perfused liver of the spiny mouse (*Acomys cahirinus*): sensitivity to glucagon and insulin, 134

β-GLUCURONIDASE
Serum β-glucuronidase activity during pregnancy in gestational diabetes, 746

GONADOTROPIN
Growth pattern of boys with isolated gonadotropin deficiency, 518
Leydig cell density and function and their relation to gonadotropins in infertile oligospermic men with varicocele, 556

α-HEAVY-CHAIN DISEASE
Primary small intestinal lymphomas and α-heavy-chain disease. A study of 43 cases from a pathology department in Israel, 111

HEMATOLOGY
Effect of estradiol on erythropoiesis and megakaryocytopoiesis in mice, 140
Hematologic values in healthy older people in the Negev area, 821
Effect of a 24-hour food-and-water fast on viscosity of whole blood and plasma, 833

HEMODIALYSIS
Anemia and secondary hyperparathyroidism in chronically hemodialyzed patients, 415
Autonomic nervous system disturbance in patients on chronic hemodialysis, 761
Thyroid function in hemodialysis, 836
The pathology of end-stage renal disease in hemodialysis patients, 901
Dialysis requirements in Israel, 1011

HEMOPHILIA
Acute myocardial infarction in a hemophiliac, 159

HEPATITIS, *see* Liver Disease

HIS BUNDLE
His bundle electrocardiography: a "push-button" apparatus for noninvasive recording (PSC), 534

HLA ANTIGEN
Study of the HLA antigen in Arab children with paralytic poliomyelitis, 12
HLA antigens in the Arab population of the Gaza Strip, 14
Absence of association between HLA antigens and primary open angle glaucoma in Israel, 124
Frequency of HLA-B8 in Israeli children with celiac disease, 826

HYPERTENSION
Evaluation of hypertension control in general practice, 817
Status of hypertension treatment in Israel, 1014

HYPERTROPHIC OBSTRUCTIVE CARDIOMYOPATHY
Coexistence of hypertrophic obstructive cardiomyopathy and mitral annular calcification: proposed etiologic relationship, 422
Unusual electrocardiographic presentation of idiopathic hypertrophic subaortic stenosis, 526

HYPOTHALAMUS
Effects of complete hypothalamic deafferentation on ACTH secretory responses to systemic and neurogenic stress (PSC), 781

IMMUNOLOGY
Further evaluation of the effect of estrogen on tumor-associated immunity in prostatic cancer, 9
Age-related changes in antibody-dependent cell-mediated cytotoxicity in mouse spleen, 147
Immune disturbances after severe enteritis during the first six months of life, 364
Comparison of radioimmunoassay and counterimmunoelectrophoresis for the detection of hepatitis B surface antigen carriers in a high-prevalence region, 579
Normal immunosuppressive protein: *in vitro* inhibition of DNA synthesis in T and B lymphocytes and lymphoid cell lines, 847

INFECTIVE DISEASES
Infective diseases in Israel. Changing patterns over 30 years, 976

INSULIN
Glucose production by the perfused liver of the spiny mouse (*Acomys cahirinus*): sensitivity to glucagon and insulin, 134

INTERFERON
An apparently immunoregulatory effect of human leukocyte interferon on the blastogenic response in Down's syndrome (PSC), 775

INTESTINE, LARGE
Epidemiology of colon cancer in Scandinavia, 322
Dietary factors and colorectal cancer in Scandinavia, 329
ISOSORBIDE DINITRATE
Serum concentrations of isosorbide dinitrate produced by a sustained-release capsule, 448

JAUNDICE
Bile salts, obstructive jaundice and renal blood flow (PSC), 169
JEJUNUM
Infantile jejunal mucosa in infection and malnutrition, 356

KAWASAKI'S DISEASE
Kawasaki's disease and infantile polyarteritis nodosa: is *Pseudomonas* infection responsible? Report of a case, 592

LACTASE
Lactase deficiency: the world pattern today, 369
LEGIONNAIRES' DISEASE
Legionnaires' disease, 227
LEISHMANIA
Development of a storable *Leishmania tropica* vaccine: field testing with frozen promastigotes, 749
LEUKEMIA
Cytogenetic investigation of leukemic and preleukemic disorders, 500
Dynamic morphology applied to human and animal leukemia cells, 653
Adenosine deaminase activity of normal lymphocytes and leukemic cells, 925
LITHIUM
Lithium-induced nephrogenic diabetes insipidus: studies of tubular function and pathogenesis, 765
LIVER DISEASE
Recent advances in viral hepatitis types A and B, 231
Pathology of viral hepatitis, 240
Epidemiology of viral hepatitis in Israel, 1978, 248
Prognosis of viral hepatitis, 257
Chronic active hepatitis: immunopathogenesis and immunotherapy, 261
Extrahepatic manifestations of hepatitis B virus infection, 276
Portal hypertension complicating liver involvement in metastatic carcinoma: a case report (PSC), 285
Ultrastructural pathology with normal light microscopy of liver in Wilson's disease. A case report, 485
Comparison of radioimmunoassay and counterimmunoelectrophoresis for the detection of hepatitis B surface antigen carriers in a high-prevalence region, 579
Transient cortical blindness in hepatic encephalopathy (PSC), 854
LUNG
Control of Lewis lung carcinoma by combined treatment with local hyperthermia and cyclophosphamide: preliminary results (PSC), 462
Chronic bronchitis and bronchial asthma in a rural community in Israel: relation to socioenvironmental factors, 573
Staphylococcal lung abscess and acute glomerulonephritis, 840
LUPUS ERYTHEMATOSUS
Significance of antibodies to double-stranded DNA in 30 systemic lupus erythematosus patients, 507
LYMPHOCYTES
In vitro sensitization of human lymphocytes against allogeneic cells by antigen-fed macrophages, 564
Adenosine deaminase activity of normal lymphocytes and leukemic cells, 925
LYMPHOMA
Primary small intestinal lymphomas and α-heavy-chain disease. A study of 43 cases from a pathology department in Israel, 111
Gastrointestinal lymphomas in Hong Kong Chinese, 382
Primary intestinal lymphoma in South Africa, 386
Primary malignant lymphoma of the small intestine in Israel. Changing incidence with time, 390
Gastrointestinal mucosa and primary gastrointestinal lymphoma, 397

MENINGITIS
Neurological sequelae of septic meningitis. A follow-up study of 65 children, 512
METACARPAL
Short metacarpal in a patient with idiopathic hypoparathyroidism (PSC), 460
METHOTREXATE
A pharmacokinetic model for predicting the concentration of methotrexate in plasma subsequent to intrathecal injection, 494
MICROBIOLOGY
Susceptibility of aerobic and anaerobic gram-negative rods to cefoxitin and related compounds (PSC), 856
MORPHINE
Effect of large doses of morphine on experimental myocardial ischemia in cats, 588
MUSCLE
Rhabdomyolysis and acute renal failure in a marathon runner in Israel (PSC), 464
Muscle pathology in idiopathic scoliosis, 917
MYASTHENIA GRAVIS
α-Fetoprotein inhibits antibody binding to acetylcholine receptor. Significance for myasthenia gravis and other autoimmune diseases (PSC), 943
MYELOMA
Immunocytochemical studies of human myeloma cells by light and electron microscopy, 687
MYOCARDIAL INFARCTION
Acute myocardial infarction in a hemophiliac, 159
Steady-state serum quinidine concentration: role in prophylactic therapy following acute myocardial infarction, 583

A comparison of static and dynamic exercise soon after myocardial infarction, 894
MYXEDEMA
Hyponatremia in myxedema: a suggested therapeutic approach, 913

NEPHROLOGY
Acute renal failure (Editorial), 1
Nonoliguric acute renal failure, 5
Transient hypoaldosteronism after renal allotransplantation, 29
Bile salts, obstructive jaundice and renal blood flow, 169
Rhabdomyolysis and acute renal failure in a marathon runner in Israel (PSC), 464
Renal cortical fibrinolytic activity in rabbits with chronic immune complex nephritis (PSC), 610
Investigation of crystallosis of the kidney by means of polarization, scanning, transmission and high-voltage electron microscopy, 698
Lithium-induced nephrogenic diabetes insipidus: studies of tubular function and pathogenesis, 765
Staphylococcal lung abscess and acute glomerulonephritis, 840
The pathology of end-stage renal disease in hemodialysis patients, 901
NEUROLOGY
Severe hypermotility during sleep in treatment of cataplexy with clomipramine, 607
NEUROPHYSIOLOGY
Effect of dorsal hippocampectomy or fimbria section on adrenocortical responses in rats (PSC), 539
Inhibition of adrenocortical responses to somatosensory stimulation in rats with lateral septal lesions (PSC), 940

OBSTETRICS
Severe atrial tachycardia detected and monitored *in utero* (PSC), 167
Delivery at 40 years of age and over, 418
Immediate postabortion intrauterine contraception in nulliparous adolescents, 522
Possible ovulation during an ovarian pregnancy, 601
Serum β-glucuronidase activity during pregnancy in gestational diabetes, 746
Ultrasonographic measurement of fetal growth parameters for estimation of gestational age and fetal weight, 829
ONCOLOGY
Further evaluation of the effect of estrogen on tumor-associated immunity in prostatic cancer, 9
Portal hypertension complicating liver involvement in metastatic carcinoma: a case report (PSC), 285
Carcinogenicity testing for control of environmental tumor development in man, 473
Cancer patterns in Israel: selected aspects, 983
Breast cancer in Israel: incidence and mortality, 1960–75, 990
ORTHOPEDICS
Osteogenesis by periosteal transplant. Experimental study of spinal fusion in rats, 38
Occupational acroosteolysis in vinyl chloride workers in Israel, 218
Reduction of postoperative infection rate in hip surgery: collaborative effort between orthopedic surgeons and control-of-infection team, 480
OTORHINOLARYNGOLOGY
Reliability of the middle ear examination, 23
Traumatic labyrinthine fistulas, 156

PARATHYROID
Anemia and secondary hyperparathyroidism in chronically hemodialyzed patients, 415
Short metacarpal in a patient with idiopathic hypoparathyroidism (PSC), 460
PHENOLIC ACIDS
Abnormal excretion of phenolic acids in rheumatic chorea, 223
PICA
Pica diagnosed by abdominal X-rays, 844
PITUITARY
Successful treatment of Cushing's disease with *o,p'*-DDD followed by pituitary irradiation in a 19-year-old male patient, 455
Pituitary enlargement secondary to hypothyroidism associated with sublingual thyroid gland, 772
POLIOMYELITIS
Study of the HLA antigen in Arab children with paralytic poliomyelitis, 12
POLYARTERITIS NODOSA
Kawasaki's disease and infantile polyarteritis nodosa: is *Pseudomonas* infection responsible? Report of a case, 592
PREGNANCY
Possible ovulation during an ovarian pregnancy, 601
Serum β-glucuronidase activity during pregnancy in gestational diabetes, 746
PROSTAGLANDINS
Prostaglandins and the pathogenesis of duodenal ulcer: no correlation with gastric mucosal PGE_2 content (PSC), 171
PROSTATE
Further evaluation of the effect of estrogen on tumor-associated immunity in prostatic cancer, 9
PSEUDOMONAS
Augmented osmotic hemolysis of human erythrocytes exposed to the galactosephilic lectin of *Pseudomonas aeruginosa* (PSC), 537
Kawasaki's disease and infantile polyarteritis nodosa: is *Pseudomonas* infection responsible? Report of a case, 592
PUBLIC HEALTH
Rubella in Jerusalem. 2. Clinical and serologic findings in children with congenital rubella, 17
Health expenditure under multiple-priority pressures. A case study of Israel, 43
Infection rate and anemia in infancy in a Jerusalem community (PSC), 165
Controlling iatrogenic diseases (Editorial), 199
Occupational acroosteolysis in vinyl chloride workers in Israel, 218

Epidemiology of viral hepatitis in Israel, 1978, 248
Carcinogenicity testing for control of environmental tumor development in man, 473
Chronic bronchitis and bronchial asthma in a rural community in Israel: relation to socioenvironmental factors, 573
A community health study in Jerusalem. Design and response, 725
Prevalence of selected health characteristics of men. A community health survey in Jerusalem, 732
Antibiotic usage in Kupat Holim (Sick Fund) clinics. A pilot survey and evaluation, 811
Demography, morbidity and mortality in Israel: changes over 30 years, 959
Mortality and its causes among Moslems, Druze and Christians in Israel, 965
Infant morbidity and mortality, 973
Infective diseases in Israel. Changing patterns over 30 years, 976
Dialysis requirements in Israel, 1011
Status of hypertension treatment in Israel, 1014

QUINIDINE
Steady-state serum quinidine concentration: role in prophylactic therapy following acute myocardial infarction, 583

RHEUMATIC DISEASE
Abnormal excretion of phenolic acids in rheumatic chorea, 223
RICKETTSIA
Cross-antigenicity between *Yersinia* and *Rickettsia* (PSC), 612
RUBELLA
Rubella in Jerusalem. 2. Clinical and serologic findings in children with congenital rubella, 17

SALIVARY GLANDS
Ectopic salivary gland in the lower neck (PSC), 463
SCIENTIFIC MEETINGS, ABSTRACTS OF PAPERS
Annual Meeting of the Israel Biochemical Society and the Israel Society of Pathological Chemistry, 17 to 18 April 1978, Tel Aviv, 55
10th Annual Meeting of the Israel Immunological Society, 19 to 20 April 1978, Tel Aviv, 174
Joint Meeting of the Israel Neurological Association and the Israel Physiological and Pharmacological Society, 17 to 18 May 1978, Jerusalem, 288
Meeting of the Israel Society for Clinical Pediatrics, 22 June 1978, Herzlia, 467
Annual Meeting of the Israel Endocrine Society, 18 to 19 September 1978, Beersheba, 542
43rd Meeting of the Israel Physiological and Pharmacological Society, 24 December 1978, Haifa, 614
Annual Meeting of the Israel Society for Parasitology, 16 April 1979, Jerusalem, 624
Annual Meeting of the Israel Biochemical Society, 8 to 9 April 1979, Jerusalem, 788
11th Annual Meeting of the Israel Immunological Society, 23 to 24 April 1979, Jerusalem, 867
44th Meeting of the Israel Physiological and Pharmacological Society, 10 April 1979, Jerusalem, 946
SCOLIOSIS
Muscle pathology in idiopathic scoliosis, 917
SHEEHAN'S SYNDROME
Sheehan's syndrome with diabetes insipidus. A case study, 431
SPLEEN
Torsion of the spleen in a five-and-a-half-month-old infant, 35
Age-related changes in antibody-dependent cell-mediated cytotoxicity in mouse spleen, 147
SPORT MEDICINE
Rhabdomyolysis and acute renal failure in a marathon runner in Israel (PSC), 464
SPRUE
Primate model of sprue-like syndrome, 348
STOMACH
Premalignant lesions of the stomach, 405
Epidemiologic studies of gastric carcinoma: comparison between Iranians and two racial groups in the USA, 410

TACHYCARDIA, ATRIAL
Severe atrial tachycardia detected and monitored *in utero* (PSC), 167
TALMUD
The Biblical and Talmudic secret for choosing one's baby's sex, 784
TESTICLE
Effect of dibromochloropropane on human testicular function, 438
Leydig cell density and function and their relation to gonadotropins in infertile oligospermic men with varicocele, 556
THYROID
Normalized thyroxine as a screening test for hypothyroidism in full-term and preterm newborn babies, 128
Medullary carcinoma of the thyroid, 151
Yersinia enterocolitica antibodies in thyroid disorders, 553
Pituitary enlargement secondary to hypothyroidism associated with sublingual thyroid gland, 772
Thyroid function in hemodialysis, 836
TRANSPLANTATION
Transient hypoaldosteronism after renal allotransplantation, 29
A review of experience with cardiac transplantation, 212
Prolonged fever and anemia as the sole manifestations of a false aneurysm in a transplant patient, 910

ULCERATIVE COLITIS
Epidemiology of Crohn's disease and ulcerative colitis: etiologic implications, 305

VINYL CHLORIDE
Occupational acroosteolysis in vinyl chloride workers in Israel, 218

WILSON'S DISEASE
Ultrastructural pathology with normal light microscopy of liver in Wilson's disease. A case report, 485

YERSINIA ENTEROCOLITICA
Yersinia entercolitica antibodies in thyroid disorders, 553
Cross-antigenicity between *Yersinia* and *Rickettsia* (PSC), 612
